Job Statement

In the UAE 'Design Technology' is similar to primary computing in the UK. Students study the foundation of computer science from grade 4 – 9 in a subject called 'Design Technology' Students then study Computer Science in grades 10 -12. The qualifications for teaching both is the same, your experience and personality will decide which level you teach. The incumbent is responsible to assess students' performance with the aim of helping students develop the linguistic ability to function effectively in an international environment. You will work in government schools where for all students English is their second language, with Arabic being their first.
