Job Statement

In the UAE 'Design Technology' is similar to primary computing in the UK. Students study the foundation of computer science from grade 4 – 9 in a subject called 'Design Technology' Students then study Computer Science in grades 10 -12. The qualifications for teaching both is the same, your experience and personality will decide which level you teach. You will work in government schools where for all students English is their second language, with Arabic being their first. During this programme we will train you on the job how to teach in the UAE. The UAE teaching standards map to the UK standards with the advantage of learning in an ESL environment.
