- Deliver the curriculum according to 21st century teaching and learning principles.
- Model and support an applied, learner-centered, hands-on classroom environment that promotes learner engagement and participation.
- Ensure that students reach the expected age-related outcomes.
- Create a positive, active, practical, applied learning environment.
- Manage all facilities and activities related to achieve student learning.
- Play a leadership role in modeling behaviour, attitudes, and learning behaviours for students.
- Support the learning process by identifying needs and guiding students to achieve their learning objectives.
- Ensure assessments are delivered according to the assessment strategy and guidelines, in a valid and rigorous manner.
- Maintain an accurate record of student achievement and performance.
- Create positive and effective relationships with colleagues.
- Responsible for the education
- Ability to supervise agricultural field experiences.

JOB STATEMENT

- To promote a positive teaching and learning environment in Ministry of Education (MoE) schools across the Emirates.
- To administer applied lessons in an engaging and progressive manner.
- To ensure successful implementation of the new curriculum and assessment strategy.
- To participate in the monitoring and evaluation of the new curriculum and assessment strategy.
- To support a Professional Stream wide reform by participating in and organising professional development sessions such as: peer-observations, model lessons, professional development workshops and any other activities that promote effective teaching and learning.
